Re: Closure of Medical Practice

Please be advised that I will be closing my medical practice at Midtown Medical Clinic in St. John's, effective August 31, 2018.

For those with whom I share clients, primarily personal claim injuries and motor vehicle accident injuries, please request final medical reports by July 1, 2018. This should permit me to complete these reports prior to my departure.

If you have any direct inquiries, please contact me at the above address.

Sincerely yours,

Dr. Louise Rogers, PMC Inc.
