## **FREE CLE WEBCAST**

### **IT Management and Your Cyber Insurance Coverage**

**Date: Wednesday, February 24, 2021**

**Time: 1:00 pm – 2:00 pm**

#### **Seminar Overview:**

This seminar, delivered in collaboration with the Lawyer's Insurance Programme, will review IT scenarios that can result in significant problems for your legal practice and provide tips for what you and your staff can do to prevent them from occurring. You will also be provided with a 'virtual tour' of the cyber insurance provided by the Law Society, including some of the claim situations it covers. We'll walk through a 'typical' cyber claim event, talk about the various steps involved, and show you how your coverage will respond.

#### **Seminar Presenters:**

##### **Ryan Durrell (Principal Broker & CIO - Axxima Insurance Services)**

Ryan is a licensed insurance broker and the Chief Information Officer at Axxima Insurance Services, an independent Canadian insurance brokerage and consultancy. Ryan has over 18 years of actuarial, general insurance, and risk management experience and operates in each of the actuarial, broking, underwriting, and management areas of Axxima. Ryan has been working with the Canadian Lawyers Insurance Association and the Law Society on cyber insurance for 5+ years and works on cyber placements, both big and small, across Canada for a wide variety of clients.

##### **Jon Seary (Owner and General Manager - PC & Network Solutions Inc.)**

Jon complements his 30 years of IT experience with a love of running a business and making technology work for his clients. With a dedicated team of technical people, PC & Network Solutions has been supporting businesses around Atlantic Canada for 27 years. Jon is also a co-founder of Drive Electric NL, which helps guide the adoption of another new technology – electric vehicles – to people and businesses of the province.
