Suspicious Email Activity Reported

Please be advised that several security incidents originating from a law firm are targeting other firms and clients.

It's important to exercise extra caution with emails, links, and any unexpected requests. Do not download attachments or open documents unless you are fully confident they are legitimate. Avoid entering credentials or sensitive information unless the request has been verified.

To learn more about how to recognize fraud and scams, please click [here](#).

For guidance on how to report a cyber incident or potential claim, please refer to the [Cyber Claim Reporting](#) resource on our website.
